THE GRAND JURY CHARGES:

INTRODUCTION

At all times relevant to this Indictment, unless otherwise indicated:

The Enterprise

1. Greggy's Cult (hereinafter "Greggy's Cult" or the "Enterprise"), was an Internet-based group that operated in or about and between 2019 and 2021 throughout the United States, including in the Eastern District of New York. Members of Greggy's Cult exploited minor victims by, among other things, inducing them to produce child pornography.

2. The defendants HECTOR BERMUDEZ, also known as “Fiasco,” “Rogue,” and “Diablo,” DAVID BRILHANTE, also known as “Knight” and “CS:GO,” ZACHARY DOSCH, also known as “Moist Nigerian,” CAMDEN RODRIGUEZ, also known as “oHare” and “carroteater,” RUMALDO VALDEZ, also known as “Duck,” [REDACTED] [REDACTED] were members of the Enterprise.

3. The Enterprise operated on a series of related Discord servers (collectively the “Target Server”). Discord was a communications platform that primarily provides two types of spaces: servers and messages. Discord servers are “digital spaces,” similar to an online chatroom. The servers are made up of what Discord calls “channels,” which are individual text-based or voice and video-based chat groups. The Target Server contained several channels, certain of which were locked so that only Greggry’s Cult members were authorized to access them.

4. On the Target Server, members of the Enterprise trafficked child pornography, as defined in Title 18, United States Code, Section 2256(8)(A), sexually exploited minors and communicated interstate threats, including towards both minor and adult victims. For example, the defendants and other members of the Enterprise convened on the Target Server and then directed minor victims, who had joined a video call on either Discord or another video conferencing platform, to engage in sexually explicit or other degrading conduct. The defendants and other members of the Enterprise captured images from the live visual depictions (i.e. “screenshots” or “screen recordings”) of the sexually explicit conduct and shared it on other channels on the Target Server, to other Discord servers and amongst themselves.

5. In addition to the production of child pornography, members of Greggry’s Cult also engaged in other forms of exploitation and harassment of both minor and adult victims.

The defendants coerced, induced, and directed these victims to engage in acts of degradation, including self-harm, and to create videos begging for forgiveness or professing the victim is “owned” by a member of Greggy’s Cult to demonstrate loyalty to the Greggy’s Cult member or group. Additionally, the defendants caused victims to write the names of Greggy’s Cult members on their bodies or on a handwritten sign, which activity is referred to by members of the Enterprise as “fansigning.”

Purpose of the Enterprise

6. The purposes of the Enterprise included the following:
 - a. To produce, advertise, receive, distribute, possess, and access with intent to view, child pornography;
 - b. To engage in exploitation and harassment of individuals online for the enjoyment of members of the Enterprise, including through the use of intimidation, threats of public shaming and damage to property, and extortion;
 - c. To place adult and minor victims in fear of the Enterprise and its members; and
 - d. To conceal the activities of the Enterprise from law enforcement.

Means and Methods of the Enterprise

7. Among the means and methods by which members of the Enterprise conducted and participated in the conduct of the affairs of the Enterprise were the following:
 - a. Members of the Enterprise created, maintained, and controlled access to the Target Server, including channels where they trafficked child pornography and transmitted or directed livestreamed videos of minors engaged in sexually explicit conduct;

b. Members of the Enterprise worked together and individually for the benefit of the Enterprise to find and recruit minor victims on Discord servers or online gaming platforms to join the Target Server;

c. Members of the Enterprise employed, used, persuaded, induced, enticed, and coerced minor victims to transmit live visual depictions of themselves engaged in sexually explicit conduct, including masturbation, for example, members of the Enterprise directed minor victims to insert foreign objects into their genitals or anus; sadistic or masochistic abuse; and the lascivious exhibition of the genitals, pubic area and anus of the minor victims;

d. Members of the Enterprise actively participated in the livestreams of child pornography in which they would instruct the minor victims to perform specific sexual and non-sexual acts;

e. Members of the Enterprise shared child pornography produced during these live events on the Target Server and amongst the Enterprise members, including by contemporaneously sharing access to the live visual depictions, and by sharing screenshots;

f. Members of the Enterprise gained access to another Discord server and spammed that server with child pornography of one of the Enterprise's victims;

g. Members of the Enterprise persuaded and coerced minor victims to engage in non-sexual degrading acts, including directing an adult victim to eat a piece of the victim's own hair, on live video calls, in recorded videos, and in pictures, which members of the Enterprise saved and circulated on the Target Server and to the Enterprise members;

h. Members of the Enterprise used the child pornography, memorialization of the degrading acts, disruption of a minor victim's computer, and other information about the minor victims, including but not limited to the minor victim's true identity

and that of their families, to force minor victims to comply with their demands, and to harass the minor victims;

i. Members of the Enterprise threatened to share and did share the child pornography and other sensitive material obtained from the minor victims with people known to the minor victims and the public;

j. Members of the Enterprise threatened to take other steps to harass victims by, among other things, “swatting” them (i.e., making a false report to law enforcement to dispatch an emergency response team or law enforcement to the victim’s location) or “doxing” them (i.e., publishing the victim’s private information online);

k. Members of the Enterprise created and obtained images of child pornography and other sensitive images of minor victims for various purposes, including to distribute the images to other Discord servers, coerce minor victims to comply with their demands, frame adult victims for criminal conduct, and accuse adult victims of being pedophiles;

l. Members of the Enterprise encouraged minors to harm themselves and others, at times urged minors to abuse their siblings and to kill themselves, including encouraging a minor victim to overdose on medication or hang himself/herself from a ceiling fan; and

m. Members of the Enterprise exploited minor victims’ vulnerabilities, such as mental health challenges and family circumstances.
